It is no longer a trend - it is now a tradition. Setting new standards of achievement just seems to be a part of what we do. We continue to grow in numbers. We continue to set new records - lots of them. We continue to raise the standard of excellence. We continue to get healthier. We continue to amaze the world and maybe even ourselves.

The Huntsman family is proud to be a part of these Games. Year after year we are inspired anew by you. We are inspired by those of you who competed for the first time. We are inspired by those of you who broke records - world records, national records, HWSG records and personal records. We are inspired by your zeal, your tenacity and your spirit. Congratulations to everyone who competed in the 2007 Huntsman World Senior Games!
